Team Mini Projects (20% of course grade)
You and your team are to complete three mini projects—one for each unit (Unit 4 has no project). By rotation, each team member is to present your project to the class, between 3 to 5 minutes. See project handout for details. The average of the three projects constitutes 20% of course grade.

Learning Team Participation (20% of course grade)
Class session format includes lectures, group activities, videos, and/or small group discussions. Students are randomly assigned to Learning Teams of three. Your team is to take quizzes together, discuss materials, give review as subject experts, and participate in team activities throughout the semester. As a team, you are to assign a speaker at each class session who will speak for the team in class. To earn credit, your team is to submit the Learning Team Activity Sheets at the end of each class sessions. On the sheet, your team is to write a main point learned and a point that your team members are still confused. You do not earn any grade for the day that you are absent, or when your team did not turn in the sheet. I hope you will find the class interesting and engaging because interest and engagement are valuable parts of your learning.

Exams (60% of course grade)
Four exams are scheduled for this course. They will be held during the first hour of the scheduled class session. The lowest grade of the first three exams will be dropped and the average of the other three exams constitutes 60% of your course grade. You will be dropped from the course when you miss any two exams. Final exam is mandatory and comprehensive. Exam materials include textbook, lectures, handouts, and ALL assigned articles. Scheduled exam format includes true/false, multiple choice, matching, fill-in-the-blanks, and short answer essays. All exams are closed books and closed notes. No retake or make-up exams are given. Under extenuating circumstances, only ONE make-up exam is permitted with supporting documents from a third party. Make-up exam is an essay exam and has to be taken before the scheduled exam. Be sure to have your Lobo ID with you on exam days.

Earning Extra Credit
You have two opportunities to earn up to a total of 4 points of extra credit toward your course grade.

1. You are to participate in a site visit of the FBI Albuquerque Office on Tuesday 2/23 from 9 to 11 AM. You are to write a minimum of 250-word reflection essay sharing three main points that you learn from the site visit and describe how you relate to the main points. Turn in the essay during the first five minutes of class on its due date indicated in the schedule section of this syllabus.

2. You are to attend the presentation “Heroin Epidemic” by Jennifer Weiss-Burke on Tuesday 3/1/2016 at 10:30 AM at A101. You are to write an essay and describe three main points that you learn from the presentation and describe how you relate to the main points. Turn in the essay during the first five minutes of class on its due date indicated in the schedule section of this syllabus.
The final grade on your transcript will be based on the following:

*According to UNM policy at [http://degrees.unm.edu/undergrad_programs/682/degree_plans](http://degrees.unm.edu/undergrad_programs/682/degree_plans), the passing grade of all sociology courses is a “C.” Students must complete all course requirements to earn credit for the course. Those who fail to complete the requirements will be assigned an “F”.

**To protect student’s privacy, grades will only be given out face to face.**

If UNM closes on the day of final exam because of inclement weather or other reasons, your final course grade will be calculated based on all work assessed up to that point during this semester. It includes the grades from: (1) two of the first three exams, (2) three mini projects, (3) Learning Team Activity Sheet, and (5) your earned extra credit.
