Course Description

Welcome to English 110: Accelerated Composition. To succeed in college and beyond, students need to become agile writers who can adapt their writing to a wide variety of audiences, contexts, purposes, media, and technologies. In the world at large, students will need to analyze new situations and respond to them with appropriate and effective written communication. A variety of modes may be utilized within this course, including: Academic Essays, Blog Posts, Book Reviews, Annotated Bibliographies, PowerPoint Presentations, Videos, Podcasts, Websites and more.

**Navigating Your Online Course**

Because this class is administered fully online, it is important to have a high level of skill in operating computers. It is not recommended for students with limited computer skills to take an online course. The following tips will help students navigate the course. If you have computer problems, including log in or technical issues, please call (505) 277-5757. For issues with Blackboard Learn, tutors in the Learning Center can advise you at (505) 925-8907.

**Below Are Student Success Tips for this Online Course:**

- Keep copies of your assignments organized logically on your flash drive or desktop computer. If you do not know how to save files, please go to The Learning Center or call for assistance. It is important to name all files based on their assignment title so you can easily access and upload them. All documents must be submitted in Microsoft Word file format. Students have access to free Microsoft Office Suite through Outlook Express.

- Be proficient using the Course Messages system in Blackboard Learn. If you need to send me a message, do the following: 1) click on “Course Messages” in Course Tools, 2) then click on “Browse for Recipients,” 3) choose my name, 4) type your message and 5) click “Send.”

- Create a routine—here is a suggested routine to help you get started.
  1. Log on! Lessons open on Monday morning and close the following Sunday night at midnight. On Monday, log in and read the list of assignments for the week. Make sure
you have all materials you need to complete the assignments, such as page numbers or links. Write down due dates and print out assignments.

2. Read the assignments actively, highlighting important ideas. Use any resources (dictionary, thesaurus, etc.) to help you acquire necessary information. Be pro-active and disciplined in your study habits.

3. Log on periodically throughout the week to check course e-mails and review new threaded discussions or blog responses. Watch for new announcements.

4. Check Discussions. If discussions are required, please take these exercises seriously. In responses, respect the opinions of others. Finally, run spell and grammar check on your postings.

5. Importantly, give yourself ample time to submit work well before the deadline. No late work is accepted in the course, so submitting your assignments well before the deadline is highly advised.

Assessment of Student Work

Student work is assessed based on the Student Learning Outcomes (SLOs) listed above. Assignment rubrics are utilized, which correspond to the SLOs. These describe whether student work meets the assignment requirements. The activities in the course teach students the skills needed to master the learning outcomes of the course. Rubrics will be made available to students and will appear on the weekly Blackboard page. In general, an “A” is given when work is of superior quality, a “B” is assigned for solid work, a “C” for acceptable work, a “D” for work that does not meet the assignment requirements in one or more ways, and an “F” for work that fully
fails to meet the requirements of the assignment. Feedback in the form of rubrics and/or in-text comments will be provided to students so that they can see areas of potential improvement.

**Final Portfolio**

The portfolio consists of two revised essays created throughout the semester and an additional self-evaluation essay written at the end of the course. Because of this, students must save all graded essays, including instructor comments. A panel of English professors will evaluate student portfolios based on whether they meet the learning objectives of the course as described on pages 1-2 of this document.

**Student Privacy**

Student privacy is strongly protected by professors at UNM VC. In fact, a federal statute called FERPA strictly prohibits the instructor or administrators from talking to anyone but the student about his/her progress. There are no exceptions to this policy.

**Plagiarism**

Plagiarism is the practice of appropriating someone else’s work or ideas and passing it off as one’s own. Copying information from the internet is one of the most common forms of plagiarism and is strictly forbidden in college writing. Plagiarism can also include such activities as copying another student’s paper, downloading and turning in papers from the Internet, or copying passages from outside sources without proper documentation. Any of these forms of plagiarism is unacceptable. All outside sources will be tracked by internal electronic source trackers on Blackboard Learn. All research must be properly cited or the offending paper will receive a failing grade. Students who plagiarize may also receive an “F” in the course and may be reported to the judicial affairs office for disciplinary action by the University.

**Classroom Behavior**

While I do not expect problems when working with adult learners in an online course, these policies ensure a safe and productive college environment. The following policies are listed in the University of New Mexico Student Handbook.

1) Students must treat one another and the instructor with respect. Derogatory remarks or name-calling is prohibited.
2) Students should not interrupt classroom lectures or discussion with non-related comments.
3) Students may discuss complaints about the course with their instructor; however, the students must do so in the proper environment, such as the instructor’s office during office hours. Constant complaining in class may result in the student being asked to leave for the day’s lesson; continued complaining after the first warning may result in the student being dropped from the course.
4) Students should not yell or curse at other students or at the teacher. Class time is a professional learning environment. Obscene language will not be tolerated.
5) Sexual harassment will not be tolerated.
6) Behavior that threatens the safety of any class member, including the instructor, will not be tolerated. The offending student will be asked to leave for the day and may be dropped from the course. Security will be called. Intoxication, physical assault and or battery, violence, stalking, or threats fall into this category.
7) Students must not threaten the instructor concerning their grades. This type of behavior is considered harassment and/or verbal assault. Security will be called.
8) If you ever feel unsafe on campus, please call security at (505) 925-8570.
9) No food or drink is allowed in class.
