Restorative Yoga Course Description:
Restorative Yoga is the practice of deep relaxation. This applies to the mind as well as the body. Our busy lives create stress physically and mentally. The challenge in this class is to relax physically, without falling asleep, and relax the mind by allowing thoughts to come and go without following or working any one thought. We will practice by reclining in supported yoga postures, actively relaxing in stillness, and allowing the breath. As this occurs a sense of inner peace and clarity may be felt.

Bring to class:
- Blanket (woven Mexican throw style available at the book store) and a light blanket for warmth
- Yoga Mat available at the book store (a thick mat may be nice)
- Lite weight eye pillow
- A willingness to rest in stillness and relax the mind and body
- A friendly and supportive attitude towards yourself and others

Dress: Dress in layers for warmth, and in loose comfortable clothing. Do not wear perfume or cologne to class.

Student Learning Outcomes:
1. Students will develop skills using props to support the body in passive postures, which may increase, flexibility, joint stability, and relaxation. Instructor will assess postures visually and will offer assistance to improve alignment, stability, and comfort.
2. Students will practice both passive, and volitional breath during held postures to relax the mind, promote physical relaxation, and oxygenate the blood.
3. Students will develop an appreciation of Restorative Yoga as a form of therapeutic relaxation for the body and mind.
