Five Tips to Make Your Course Accessible in Canvas
Presentation Overview

- Structure Your Content Appropriately
- Avoid Using Tables
- Use Alternative Text
- Make links meaningful
- Use Accessibility Tools
Tip #1: Structure Your Content Appropriately

Use Headings in a logical and sequential order

Use for paragraph content

Other Considerations

• Do not use fake headers (e.g. bold text or underlining)

• Maintain the appropriate hierarchy order

• Use Bullet & Number Feature to Make Lists

• Add spaces between sections
Tip #2: Use Tables Appropriately

Tables should not be used for layout purposes
Tip #3: Use Alternative Text

Select the image and the Image Options will appear.

Check the “Decorative Image” button for images with no visual meaning (e.g. dividers, banners).
Tip #4: Use meaningful links

Add descriptive text here

- Summarize the conservation efforts of giant pandas
