## V. COURSE REQUIREMENTS

### **Attendance Policy:**

Attendance in this online course will be tracked through the timely completion of assignments and participation. Simply logging into UNM Learn (a.k.a. BlackBoard) does not constitute attendance.

\*Students who do not submit an assignment, login or participate during the **first week** of class will be dropped from the course.

**Note: A student with excessive missed assignments may be dropped from the course.** Missing more than one week or more of assignments constitutes excessive missed assignments.

Technical issues do not relieve students of the responsibility for missed assignments and exams.

Students must take the initiative in arranging with their instructor to make up missed work.

### **Active Participation:**

Weekly course participation is expected of all participants. Participants are required to regularly correspond with the instructor and peers within the course. This will enable us to learn and interact with each other, as a community of learners.

Each week will have a weekly learning module.

### **Due Dates and Late Assignments**

Students are expected to turn in work on the date that it is due. Late Assignments will be accepted; however, there will be a 5% deduction for every day that it is late. You must ask your instructor for permission to turn in late assignments.

**Note: No late postings on the discussion boards. Once the learning week is over, the discussion is then closed.**

### **Instructor Communication Policy:**

Emails and messages will be responded to within 24 hours Monday-Thursday, and within 48 hours Friday-Sunday.

Grades are generally released for all assignments and assessments within six days after the due date. Feedback will be provided. Check the conversation bubble next to your grade in the My Grades tab.
