Eleven UNM-Valencia students toured the following labs to learn about cutting-edge technology, research and real-world applications, and the AFRL Scholars Program (undergraduate research) at the N.M. AFRL:

1. Thermal Systems Lab – Researcher Jonathan Allison
2. Deployable Structures Lab – Researcher Capt Christopher Box
3. Spacecraft Charging and Instrument Calibration Lab (SCICL) – Researcher Dr. Daniel Engelhar
4. AFRL Maker-Hub
