Assignments

You will find your assignments, quizzes, exams, and discussions listed under the course schedule document on UNM Learn. You are given a due date on each assignment and if you do not submit the assignments by the deadline you will automatically have 10 percent deducted. Assignments, discussions, quizzes, and other coursework submitted more than 7 days past the due date, or later than December 12, 2015 (whichever comes first) will not be accepted.

Assignments sent through email will not be accepted.

Discussion

The discussion area is a place for you to get to know your peers. If you have questions regarding the class you should post them in this area for all to see. Chances are your fellow classmates may have the same questions. This is also an area to just talk with your peers. Most weeks, you will have a graded discussion assignment. These discussion questions are to be answered by all

students in the class. Students are also required to make at least two comments to peers for each weekly discussion task. Assignments from 1-4 days late will receive a late penalty of 10%. Posts made 7 or more days later than the due date will not be graded.

Quizzes and Assessments

Quizzes and assessments will be given to test students' knowledge and application of skills.

These quizzes will be based on the readings and assignments that you complete in each lesson.

Quizzes are taken in UNM Learn online. Exams will also be taken in UNM Learn. You will have both a midterm and a final exam.

Attendance

This is an online course so it is the student's responsibility to attend class through UNM Learn and complete all work assigned. Students are expected to log into the class site on UNM Learn a minimum of once every 7 days. Assignments are due on the due date and should be submitted through UNM Learn.
