Purpose	To introduce business students to the complex role managers play in organizations
Course Objectives	Students will learn about the environment organizations operate in as well as the planning, organizing, leading and controlling functions of management.
Grading and Assignments	<p>Course grade will reflect student’s exam performance and the completion of daily out of class assignments.</p> <p style="text-align: center;">Exams: 90% Out of Class Assignments: 10% A: 90-100% B: 80-89.5% C: 70-79.5% D: 60-69.5% F: Below 59.5</p> <p>There will be four (4) in-class exams. The student's lowest grade received on an exam will be dropped; the last exam may not be dropped. (3 exams @ 30% per exam = 90%)</p> <p>There will be out of class assignments (Reading Notes Summaries). These will require summarization of the topics contained within the chapter, will be completed individually by the student, will be turned into the instructor on the date indicated on the syllabus, will be <i>legibly hand written</i>, and will be limited to one single page front and back. Late work on reading notes will not be accepted. Emailed versions of reading notes will not be accepted. Students need to turn in reading notes at the beginning of class and must remain in the classroom until dismissal to receive <i>full credit</i>. (Reading Notes Summaries = 10%)</p>
Make-Up Examinations	As the lowest of the student grades on examinations will be dropped, make up examinations will not be offered to students.
Attendance Policy	Students are required to attend class regularly. Students are permitted one absence without grade penalty. For every absence after the first, the student’s final grade at the end of the semester will be reduced by 5% per additional absence.
Illustrative Attendance Example	<p>A student missing only one class can receive 100% in the course by earning 100% on all assignments, however, a student missing two classes will at best be able to earn a 95% by receiving 100% on all assignments (missing three classes, at best 90%, and so on.)</p> <p>Number of Absences/Max Grade in Course: 0 = 100% 1 = 100% 2 = 95% 3 = 90%</p>
