FACULTY SYLLABUS STATEMENT FALL 2019

In accordance with University Policy 2310 and the Americans with Disabilities Act (ADA), reasonable accommodations are made to all qualified students unless such accommodations fundamentally alter a program or service or place an undue hardship on the operation of the University. If you have a documented disability, the Equal Access Services office will provide me with a letter outlining your accommodations. I will then discuss the accommodations with you to determine the best learning environment. If you feel that you need accommodations, but have not documented your disability, please contact Jeanne Lujan, the coordinator for Equal Access Services at 925-8910 or jmlujan@unm.edu.

In an effort to meet obligations under Title IX, UNM faculty, Teaching Assistants, and Graduate Assistants are considered “responsible employees” by the Department of Education (see page 15 - www2.ed.gov/about/offices/list/ocr/docs/qa-201404-title-ix.pdf). This designation requires that any report of gender discrimination which includes sexual harassment, sexual misconduct and sexual violence made to a faculty member, TA, or GA must be reported to the Title IX Coordinator at the Office of Equal Opportunity (oeo.unm.edu). For more information on the campus policy regarding sexual misconduct, see: <https://policy.unm.edu/university-policies/2000/2740.html>

Course Outline

Teaching Methods (Lecture, Labs, Small Groups, On-Line Components)

- NMNC 2320 will use a variety of approaches to meet the course outcomes. These approaches may include but not limited to assigned reading, case-studies, audio-visual materials, online discussions, group projects, and written assignments.

Evaluation/Grading Methods

Successful completion of NMNC 2320 requirements

Evaluation/Grading Methods:

See the Nursing Student Handbook for all policies and requirements.

Rubrics SPECIFIC TO COURSE to be added

Evaluation/Grading Policies:

To successfully complete the course, the student must achieve 1) a minimum of 77% (C) test average 2) a minimum of 77% (C) overall course average, and 3) Pass in the clinical portion. Failure of any one or more of these components results in failure of the course. See the student handbook for progression policies. There is no rounding of any score or course grade (examples: a 76.99% is not rounded to a 77%. A score of 90.99% is not rounded to a 91%).

The course grade is based on the below listed components. Late assignments will result in a one (1) letter grade penalty for each calendar day the assignment is late. No assignment will be accepted if more than three (3) calendar days late.

Exams: 3 exams total – 60%

Weekly assignments: online discussion postings and NCLEX question with rationale (10%), Teaching assignment (advocacy) (5%) Resume (5%)– 20%

Final paper: Nursing Research paper – 10 %

Kaplan: 10%

KAPLAN POLICY

The UNM-Valencia Nursing Program has adopted a comprehensive assessment and review program from Kaplan Nursing. The intent of this program is to provide students with the tools they need to be successful in the nursing program and on the NCLEX-RN. The Kaplan program is 10% of the student's grade. Kaplan also provides both focused review (practice) and integrated (proctored tests). The focused review tests are designed for student self-assessment and provide students with immediate question feedback and rationales. Instructors will direct the students to the appropriate focused review tests in each course. In order to receive credit, students must complete the focused review tests as assigned and during the designated time period specified in individual course syllabi. In order for the student to take the Kaplan integrated test, each student must have completed the assigned online focused review test(s). Grade points for focused review tests are awarded based on the score achieved. The 10% of each course grade allotted to Kaplan will be derived from four sources and totaled for a possible 100 points

Focused Review (practice) Test in Assigned Content Area Points

90-100%	25
80-89.9%	20
60-79.9%	15
40-59.9%	10

COURSE COMMUNICATION

Effective, ongoing communication is a key element of success in the nursing program. Instructors and staff communicate with students via email when not in class. Students need to check their UNM and Blackboard email accounts regularly. Full-time nursing instructors have voice mail, and communication should take place directly with your instructor. Full-time instructors hold scheduled office hours as posted in their syllabus and outside of their offices, and students may schedule conferences as needed. In addition, there is student representation on the nursing faculty committee, and the representatives are responsible for communicating pertinent information to classmates. Part-time faculty will identify their preferred method for communication to the students.

ELECTRONIC USEAGE:

Cellphones and other devices except laptop computers are not permitted in the classroom setting. They must be silenced and put away. Cellphone that ring or are used during class or testing will result in the student being excused from the class or test. Any make-up of assignments or exams due to violation of this policy is solely at the discretion of the instructor. The use of computers is acceptable in the learning context of the class. Lectures may be audiotaped at the express permission of the instructor. Classroom capture is not available at this time.

ACADEMIC INTEGRITY:

Having academic integrity is paramount to your success in any class. Plagiarism or cheating is not tolerated. Any instance of this will result in a grade of zero for that assignment. Here is the link to the UNM Academic Dishonesty Policy:

policy.unm.edu/regents-policies/section-4/4-8.html. The policy states:

Each student is expected to maintain the highest standards of honesty and integrity in academic and professional matters. The University reserves the right to take disciplinary action, up to and including dismissal, against any student who is found guilty of academic dishonesty or who otherwise fails to meet the expected standards. Any student judged to have engaged in academic dishonesty in course work may receive a reduced or failing grade for the work in question and/or for the course.

Academic Dishonesty is defined as:

"Academic dishonesty" includes, but is not limited to, dishonesty in quizzes, tests, or assignments; claiming credit for work not done or done by others; hindering the academic work of other students; misrepresenting academic or professional qualifications within or without the University; and nondisclosure or misrepresentation in filling out applications or other University records.

STUDENT CONCERNS and GRIEVANCES :

UNM-Valencia nursing program follows the specific Grievance Procedure as provided in the UNM-Valencia Catalog. Prior to participating in the campus procedure, the student is encouraged to review their complaint within the nursing department by following these steps:

SBAR: To be used as a tool for communicating student concerns in a professional manner.

Instructions:

- **The student completes the SBAR using professional language to communicate a concern about classroom, clinical or lab. You may check with your faculty if you are unsure if this process is necessary.**
- **Email the completed SBAR to the instructor.**
- **The instructor will contact the student after reviewing the SBAR to schedule a face to face meeting to discuss the SBAR. The student should bring a printed copy to the meeting.**

Research paper grading rubric:

Total points = 40 points

Criteria	10 points	7 points	3 points	0 points
Content knowledge: Quality of Research	Paper is exceptionally researched, contains 3 peer reviewed articles, the 3 articles relate to the thesis argument in a logical manner.(1,000 word minimum-1500 word maximum)	Information relates to the main topic.	Paper is well-researched in detail and from 3 good sources. Information relates to the main topic, but few details and/or Examples are given. Shows a limited variety of sources.	Information has little or nothing to do with the thesis.
	Information has weak or no connection to the thesis.			
Writing	Writing is clear and relevant, with no grammatical and/or spelling errors – polished and professional. Most ideas are stated clearly and are related to the topic, with only minor grammatical and/or spelling errors. Many ideas require clarification and/or are off-topic or have marginal relevance to the assignment. Many grammatical and/or spellings errors throughout the paper. The paper is very challenging to read due to poor writing flow.		Paper does not meet the criteria for the assignment (too short or incomplete, too long, and/or completely off-topic).	
Conclusion	Excellent summary of thesis argument with concluding ideas that impact reader. Good summary of topic with clear concluding ideas.		Basic summary of topic with some final concluding ideas.	Lack of summary of topic.
References and Citations	The paper follows the APA guidelines for margin, font, font size, page specifications, headings, page numbers, main body, and references. All references and citations are present and follow the APA guidelines.		All references and citations are present but there are errors (e.g. citations and/or references do not follow the APA guidelines.)	Some references and/or citations are missing. The references and citations do not follow the APA guidelines.
	Does not follow the APA guidelines for margin, font, font size, page specifications, headings, page numbers, main body, and references.			
	All references and citations are missing.
