Course Description

The beginning practicum course is a co-requisite with the course Curriculum Development through Play-Birth through Age 4. Information on adapting content areas to meet the needs of children with special needs and the development of IFSPs is included. Curriculum development in all areas, including literacy, numeracy, the arts, health, science, social skills, and adaptive learning for children, birth through age four, is emphasized.

Practicum Hours and Instructor Observations

Each student must complete the NM state requirement of 45 hours of participation time at the practicum site. Plan to fulfill 4-5 hours per week during the semester. You may do this once or twice per week. Your cooperating teacher will observe you and document your hours on the Practicum Time Sheet. The Practicum Time Sheet is a legal document; please do not lose it. During the semester, I will visit your site twice to observe you.
