## STUDENT RESPONSIBILITIES

---

- **Computer Skills:** Students must have basic computer and file management skills for all online courses. Custom tutoring services are available through the Learning Center. Required pre/co requisite is IT 101: Computer FUNdamentals. Students that fall behind due to lack of basic computer skills will be dropped.
- **Computer & Internet Access:** **Students must have access to a computer and high-speed internet.** Not being able to access the content delivered for this course due to a “slow” internet connection or the inability to access a computer WILL NOT be a sufficient excuse for the inability to successfully complete work for this online course.
- **UNM Email & Canvas Access:** All UNM-Valencia students are required to have a UNM Net ID which can be created by going to: <http://it.unm.edu/accounts/>. UNM Net ID will give you access to the computer labs on campus, UNM Canvas, and UNM Email. Make sure to update this information as your method of contact under personal information on Lobo Web.
- **Computer Lab Responsibility:** Please be advised that use of computer labs on UNM properties is governed by “Policy 2500: Acceptable Computer Use” which can be found at <http://policy.unm.edu/university-policies/2000/2500.html>. Food and drink are also prohibited in any computer lab on campus. Anyone violating these policies is subject to possible suspension and loss of computer lab privileges.
- **Equal Opportunity & Non-Discrimination (Title IX):** Our classroom and our university should always be spaces of mutual respect, kindness, and support, without fear of discrimination, harassment, or violence. Should you ever need assistance or have concerns about incidents that violate this principle, please access the resources available to you on campus. Please note that, because UNM faculty, TAs, and GAs are considered “responsible employees” by the Department of Education, any disclosure of gender discrimination (including sexual harassment, sexual misconduct, and sexual violence) made to a faculty member, TA, or GA must be reported by that faculty member, TA, or GA to the university’s Title IX coordinator. For more information on the campus policy regarding sexual misconduct, please see: <https://policy.unm.edu/university-policies/2000/2740.html>  
Support: [LoboRESPECT Advocacy Center](#) and the support services listed on its website, the [Women’s Resource Center](#) and the [LGBTQ Resource Center](#) all offer confidential services and reporting.
- **Respectful and Responsible Learning (Academic Integrity):** We all have shared responsibility for ensuring that learning occurs safely, honestly, and equitably. Submitting material as your own work that has been generated on a website, in a publication, by an artificial intelligence algorithm, by another person, or by breaking the rules of an assignment constitutes academic dishonesty. It is a student code of conduct violation that can lead to a disciplinary procedure. Please ask me for help in finding the resources you need to be successful in this course. I can help you use study resources responsibly and effectively. Off-campus paper writing services, problem-checkers and services, websites, and AIs can be incorrect or misleading. You can only learn the course material if you complete and submit your own work. UNM preserves and protects the integrity of the academic community through multiple policies including policies on student grievances (Faculty Handbook D175 and D176), academic dishonesty (FH D100), and respectful campus (FH CO9). These are in the Student Pathfinder (<https://pathfinder.unm.edu>) and the Faculty Handbook (<https://handbook.unm.edu>).  
Support: [Center for Academic Program Support](#) (CAPS). Many students have found that time management workshops can help them meet their goals (consult (CAPS) website under “services”).
- **Accommodations:** UNM is committed to providing equitable access to learning opportunities for students with documented disabilities. As your instructor, it is my objective to facilitate an inclusive classroom setting, in which students have full access and opportunity to participate. To engage in a confidential conversation about the process

for requesting reasonable accommodations and documentation for this class and/or program, please contact Sarah Clawson, the coordinator for Equal Access Services at 925-8840 or [sjclawson@unm.edu](mailto:sjclawson@unm.edu).

- **Land Acknowledgment:** Founded in 1889, the University of New Mexico sits on the traditional homelands of the Pueblo of Sandia. The original peoples of New Mexico Pueblo, Navajo, and Apache since time immemorial, have deep connections to the land and have made significant contributions to the broader community statewide. We honor the land itself and those who remain stewards of this land throughout the generations and also acknowledge our committed relationship to Indigenous peoples. We gratefully recognize our history.  
Resource: [Division for Equity and Inclusion](#).
- **Citizenship and/or Immigration Status:** All students are welcome in this class regardless of citizenship, residency, or immigration status. Your professor will respect your privacy if you choose to disclose your status. As for all students in the class, family emergency-related absences are normally excused with reasonable notice to the professor, as noted in the attendance guidelines above. UNM as an institution has made a core commitment to the success of all our students, including members of our undocumented community. The Administration's welcome is found on our website: <http://undocumented.unm.edu/>.

## **STUDENT PARTICIPATION & EXPECTATIONS**

---

- Students who do not log in to Canvas during the first week of class will automatically be dropped.
- Students are required to complete all assignments on time, participate in online discussions, and maintain a safe, respectable, positive online class environment.
- Weekly **student participation** and response in online courses is considered a necessary factor in the learning process. In this form of computer-based learning, weekly course participation is equivalent to class attendance. If no student response occurs during a week of the semester, the student is considered absent. Students are still held responsible for all academic work required or performed during their absence regardless of the reasons for those absences. Class participation influences your grade heavily.
- Students must log on to this course at a minimum of three times a week. It is a requirement to check your email regularly for any communication from the instructor. The best strategy is to log in to this course DAILY.
- Students are required to use proper **netiquette** in all online interactions with classmates and the instructor. Refer to the netiquette guidelines on Canvas for a specific list of acceptable and non-acceptable online behavior.
- This is a three credit-hour course delivered entirely online. Online classes are often more challenging than face-to-face classes. Please plan for a minimum of 18 hours per week to learn course materials and complete assignments.
- Take ownership of your education. Be an active learner. You are responsible for managing your time appropriately, completing your work on time, and doing the best you can.  
Support: [Center for Academic Program Support](#) (CAPS). Many students have found that time management workshops can help them meet their goals (consult (CAPS) website under "services").
- Learning and working on assignments is asynchronous, meaning students are all working at different times toward the same goals and deadlines.
- For the most part, assignments and deadlines are weekly, posting on Monday at 12:01am and due the following Sunday before midnight. Exceptions are discussions, which usually include a Thursday deadline.  
Please log in to our class on Canvas each Monday to get the assignments for the week. There is also a **weekly**

checklist that includes all the tasks to complete for each week.

**GRADING POLICY**

---

- Grading is based on a timely completion of course assignments, the quality of individual critical development and expression, personal commitment, and the ability to work in an online community setting. Personal commitment involves regular online participation, consistent effort, completion of work, contributing to class discussions, and the general willingness to try.
- Student work is assessed based on the course Student Learning Outcomes (SLOs). There is a grading rubric for the class discussions which corresponds to the SLOs. The grading rubric is included in the learning modules on Canvas. Rubrics describe how well student work meets the assignment requirements. Students can find feedback from the instructor in the grading rubrics on Canvas so that they can see areas of potential improvement.
- No full credit will be given for any late work. If work is not delivered on time, an automatic 0 points will be issued. No late discussion postings or quizzes will be accepted. Full credit will never be issued for late work except in extreme cases and with **prior** notification.
  - There can be **one** missed discussion make-up assignment: To substitute for one missed discussion, a student can write a 500-word article summing up the missed discussion board content. The student will summarize the content of the discussion board posts based on what OTHER students have posted. The student is no longer answering and responding to the initial question(s) posed. This assures the student has read and understands the missed discussion. It is markedly more difficult to read through a discussion and summarize all the content than it is to have answered the question(s) initially. Contact the instructor about how to submit a make-up discussion.
  - Quizzes can not be made up after the due date. Each quiz is open for a set amount of time (usually one week), is open-book/open-note, and can be taken an unlimited amount of times before the due date.
- Incompletes are rarely issued. If 75% of the semester’s work/projects/deliverables and participation have been completed with a satisfactory grade, an incomplete may not be issued.
