

MATH 193: Topics in Mathematics: Critical Thinking for Mathematics Spring 2019

Instructor: Alice Lawson

email: alawson@unm.edu

Office: Academics Building Adjunct Faculty Offices

Phone: 925-8600

OFFICE HOURS: Tue/Thursday 1:30 – 2:20pm

Section	Class Time	Meeting Days	Meeting Location	CRN Number
506	10:30pm – 11:20pm	T/Th	A-141	48300

MATH 193 COURSE DESCRIPTION: Critical Thinking for Math (2 credits) will help students develop and implement strategies for successful achievement in mathematics throughout their college career and beyond. Placement: Math 193 is required of all students who place into Math 021/100. **Co-requisite:** Math 021/022 or Math 100.

Math 193 COURSE STUDENT LEARNING OUTCOMES:

Upon successful completion of the course, students will be able to:

- Develop academic skills as a foundation for college learning.
- Employ critical thinking skills in problem solving.
- Utilize multiple problem-solving strategies and methods.
- Develop a mathematical awareness of the world.
- Expand confidence in mathematical ability.

COURSE MATERIALS:

- **3-Ring binder (1-1/2 inch) 7 divider tabs, spiral (optional), notebook paper, graph paper, pencil. (Binder will be shared with Math 021/022/100 course).**

ATTENDANCE/PARTICIPATION:

- You are expected to be on time to each class and stay the entire class, have the necessary course materials on hand, and participate in the group activities to receive full credit for attendance each day.

Absences: I do expect an email/notification within 24 hours of your absence. I will excuse up to 3 class days missed. Even if you miss class, you are still expected to complete **all** the in-class assignments. Unexcused absences will lower your Math 193 attendance grade by 10% each. If you added late, your counted absences start the day you registered for the class.

Do not expect me to drop you. If you decide you cannot fulfill the requirements for this class and want to drop yourself, be sure to process a drop (either online or with a form at the Registrar's office).

- **EXPECTATIONS:** Students are expected to conduct themselves in a polite, courteous, professional and collegial manner. **Cell phones must be set on silent and be out of sight during class. No food or drink is allowed in the computer labs.**

Participation: Participation includes

- *Attendance.* Show up to class!
- *In-Class Activities.* Each Unit in Math 021/022/100 will have an associated activity in this class. These activities need to be completed in class. If you do not finish the activity, it will be collected and you may complete it next time we meet. If you successfully complete the in-class assignment, you may begin the next assignment.
- *Questions.* Bring your questions from the homework. My job is to help you learn the material, I cannot do that unless I know where you are misunderstanding or “not getting it.”

In-class activities are worth 25 points each for a total of 350 points. Participation receives 2 points for each day you do the things listed above and is worth a total of 50 points.

SUPPORT: If you are struggling in this course, do not be afraid to ask for help!

- Office Hours: See my office hours listed at the beginning of this syllabus. Feel free to come by or make an appointment to get help.
- Form study groups: You may work together with other members of our class.
- Free Tutoring: The Math Center at Valencia campus has free tutoring and open labs. Call 505-925-8907 for more information. CAPS on main campus also provides tutoring for which I can get documentation.
- Student Services: There are various services provided in our Student Services Department. See below about equal access. Also, we have a testing center, advising, and career placement available: [Valencia Student Services](#)

OTHER IMPORTANT INFORMATION:

Equal Access: In accordance with University Policy 2310 and the Americans with Disabilities Act (ADA), academic accommodations may be made for any student who notifies the instructor of the need for an accommodation. It is imperative that you take the initiative to bring such needs to the instructor’s attention, as I am not legally permitted to inquire. Students who may require assistance in emergency evacuations should contact the instructor as to the most appropriate procedures to follow. Contact Accessibility Resource Center at 277-3506 for additional information.

If you need an accommodation based on how course requirement interact with the impact of a disability, you should contact me to arrange an appointment as soon as possible. At the appointment we can discuss the course format and requirements, anticipate the need for adjustments and explore potential accommodations. I rely on the Disability Services Office for assistance in developing strategies and verifying accommodation needs. If you have not previously contacted them I encourage you to do so.

If you are a Valencia campus student, contact Equal Access Services at Valencia Campus, Jeanne Lujan at (505)925-8910 or [Valencia Student Services](#). If you are a main campus student you can receive documentation from the main campus Accessibility Resource Center. I will not guarantee accommodation without the appropriate documentation.

Collegial Behavior: I expect from you respectful adult behavior. Engaging in disruptive or unruly behavior could result in your being asked to leave, at which time you will be counted absent and a referral will be sent to the Associate Dean of Student Services. Continuing to behave in this way could result in your being dropped from the course. Disruptive or unruly behavior includes but is not limited to:

- texting or talking on your cell phone at any time during class,
- continually talking with your neighbor when we are not working on a group activity,
- working on homework from another class,
- reading material or watching media on a mobile device not related to this course or at a time that is inappropriate,
- refusing to participate in the class activities.

Academic Integrity

Having academic integrity is paramount to your success in any class. Plagiarism or cheating is not tolerated. Any instance of this will result in a grade of zero for that assignment. Here is the link to the UNM Academic Dishonesty Policy:

<https://policy.unm.edu/regents-policies/section-4/4-8.html>. The policy states:

Each student is expected to maintain the highest standards of honesty and integrity in academic and professional matters. The University reserves the right to take disciplinary action, up to and including dismissal, against any student who is found guilty of academic dishonesty or who otherwise fails to meet the expected standards. Any student judged to have engaged in academic dishonesty in course work may receive a reduced or failing grade for the work in question and/or for the course.

Academic Dishonesty is defined as:

"Academic dishonesty" includes, but is not limited to, dishonesty in quizzes, tests, or assignments; claiming credit for work not done or done by others; hindering the academic work of other students; misrepresenting academic or professional qualifications within or without the University; and nondisclosure or misrepresentation in filling out applications or other University records.

Title IX Statement: In an effort to meet obligations under Title IX, UNM faculty, Teaching Assistants, and Graduate Assistants are considered "responsible employees" by the Department of Education (see pg. 15 - <http://www2.ed.gov/about/offices/list/ocr/docs/qa-201404-title-ix.pdf>). This designation requires that any report of gender discrimination which includes sexual harassment, sexual misconduct and sexual violence made to a faculty member, TA, or GA must be reported to the Title IX Coordinator at the Office of Equal Opportunity (oeo.unm.edu). For more information on the campus policy regarding sexual misconduct, see: <https://policy.unm.edu/university-policies/2000/2740.html>

COURSE AVERAGES:

Attendance	30%
Class Participation/In-Class Activities	30%
Portfolio-Binder	40%
Total	100%

Letter Grade	Overall Course Score
A	90% or better
B	80% to 89%
C	70% to 79%
CR	70% or better
NC	Less than 70%

Portfolio-Binder Requirements

1. Cover Letter
2. Essay
3. Pre-Math and Post-Math Anxiety Survey
4. Course Syllabus
5. Guided Notes/Lectures Notes from any 3 Units in Math 021/022 or Math 100
6. Formula sheet
7. In-Class Activities from Math 193

Math 193: Topics in Mathematics (Fall 2018)

Course Outline (subject to change as needed)

Week	Day	Sections / Topics /Assignments
1	1/15 T	Introduction, Number Talks Video, Ways to multiply, and Mindset Learning Style Inventory assigned <i>Unit 1 – In-class Assignment</i>
	1/17 TH	
2	1/22 T	Learning Style results, Making Mistakes, Pre-Course Math Anxiety, and Math Anxiety <i>Unit 2 – In-class Assignment</i>
	1/24 Th	
	1/25 F	Last day to add a course (5pm)
3	1/29 T	<i>Unit 3 – In-class Assignment</i>
	1/31 Th	
	2/1 F	Last day to drop a course without a grade (5pm)
4	2/5 T	Math Anxiety Part II, Math Myths, Ways of reducing anxiety, and Taking Notes <i>Unit 4 – In-class Assignment</i>
	2/7 Th	
5	2/12 T	Study Skills, Test Taking Strategies, and Critical Thinking Skills <i>Unit 5 – In-class Assignment</i>
