Time Commitment

This class is 3 credits. A traditional 3-credit general-education class meets for approximately 3 hours per week for 16 weeks. Since this is an online class, the in-class time is replaced by learning from readings and chapter exercises.

Even though this is an online class, you can expect to put in the same amount of time as you would for a traditional class. You may find it impossible to succeed on the more difficult assignments if you wait until the last day before they are due to begin them. The skills we learn in this class require time, so it is your responsibility to manage your time accordingly.

BE SURE TO KEEP THE SCHEDULE HANDY BECAUSE IT CONTAINS DUE DATES FOR THE ASSIGNMENTS.

Late or Missing Assignment

Late or missing assignments are unacceptable or depending on the situation. If you know ahead of time that you will miss an assignment or exam, please email me to make arrangements. Give at least 24 hours notice and email any appropriate documentation.

Make Up Policy

For authorized representation of the University or illness, or emergency, a make-up opportunity will be allowed if arrangements are made in advance or proper documentation is provided. Contact the instructor immediately to discuss options.

CHAPTER ASSIGNMENTS: Students will submit chapter assignments on UNM Learn weekly.

COURSE DISCUSSIONS: Each student will participate in the course discussion due by Thursdays and must respond to at least two other student posts by Sundays. Please be respectful.

Final Project

Choose a Health Education/Promotion topic and priority population of influence, select one Spectrum of Prevention from the list below, and create a brief Strategic Plan for a Health program using the Strategic Prevention Framework (5 Steps). Your topic, population, and prevention plan should INSPIRE you. Evaluate and assess the resources you would need to implement your plan and create ideas for overcoming any boundaries to your program's success. More details and examples will be on UNM Learn.
