

## Nutrition 2110-501: Human Nutrition

### Spring 2022

#### Course Description

This course provides an overview of nutrients. This includes nutrient requirements, digestion, absorption, transport, functions in the body and food sources. Dietary guidelines intended to promote long-term health are emphasized.

#### Course Information

Course Number/Title: Nutrition 2110-501/Human Nutrition

Number of Credit Hours: 3

Term/Year/Length: Spring/2022/16

Course Prerequisites: General Chemistry 111L or 121L or General Biology 123 or 201

#### Student Learning Outcomes

At the completion of the course, student will be able to:

- Understand the function and interaction of nutrients necessary for human metabolism and health.
- Describe the digestion and absorption of nutrients as they travel through the Digestive System and understand how the nutrients are used in the human body.
- Identify the dietary risk factors related to an inadequate intake of nutrients and apply this knowledge to the planning and selection of a healthy daily diet.
- Explain the factors that influence different nutritional requirements during infancy, childhood, adolescence, adulthood and later years.
- Apply nutrition knowledge to evaluate consumer concerns related to diet and health, food labeling and weight loss diets.

**Grading:** Grading will be based on:

- **Course Agreement**
  - The **mandatory** course agreement will ensure that you have a general understanding of the requirements for completion of the course.
- **Discussion Questions**
  - Found in Blackboard Learn, your score consists of 1 initial discussion post and 2 responses to your classmate’s posts.
- **MindTap Assignments:**
  - These assignments can be found in MindTap. They are designed to apply your newfound knowledge in real world examples.
- **Chapter Quizzes:**
  - These are also found on the MindTap website. You are allowed to take each quiz once. All quizzes are due on Sunday by 1159pm. Quizzes will be available for the entire week.
- **Diet Analysis Assignments**
  - There are 4 Diet Analysis Assignments over the course of the term. You will log your food and fluid intake for 3 days in MindTap’s Diet and Wellness Plus. Then answer assignment questions in Blackboard. You will need to submit your Mindtap reports with Diet Analysis I as noted in the assignment details. **\*\*Tip:** Mindtap offers a mobile app for Diet and Wellness Plus! Please make sure to submit all Diet Analysis Assignments as a Word or PDF document. I am unable to accept assignments in .pages format

**All assignments open on Monday at 12:01am and close at 1159pm on Sunday.**

**Late policy:** Late assignments will only be accepted within 1 week after the due date. You will need to contact me via email, providing further explanation as to why the assignment/quiz is being submitted after the due date. There will be a 50% reduction in grade. I will not accept assignments after the first late week.

**Drop policy:** If a student misses 3 assignments or quizzes, he or she may be dropped from the course.

**Academic Integrity:**

Having academic integrity is paramount to your success in any class. Plagiarism or cheating is not tolerated. Any instance of this will result in a grade of 0 for that assignment.

**UNM Academic Dishonesty Policy:**

<https://policy.unm.edu/regents-policies/section-4/4-8.html>. The policy states: Each student is expected to maintain the highest standards of honesty and integrity in academic and professional matters. The University reserves the right to take disciplinary action, up to and including dismissal, against any student who is found guilty of academic dishonesty or who otherwise fails to meet the expected standards. Any student judged to have engaged in academic dishonesty in course work may receive a reduced or failing grade for the work in question and/or for the course.

**Academic Dishonesty:**

"Academic dishonesty" includes, but is not limited to, dishonesty in quizzes, tests, or assignments; claiming credit for work not done or done by others; hindering the academic work of other students; misrepresenting academic or professional qualifications within or without the University; and nondisclosure or misrepresentation in filling out applications or other University records.

The following are some forms of cheating:

- Copying a fellow student's work or copying a previous student's work.
- Notes written on body parts, clothing, cheat sheets, etc... at the time of a test.
- Any form of communication with your classmates during a test.
- Talking to anyone but the instructor or proctor during a quiz or examination.
- Communicating via cell phones with other people during a test.
- Notes or books open during in-class exams and quizzes.
- Disclosing or soliciting examination questions to those who may have been absent from an exam.
- Plagiarism (copying entirely or whole phrases from books or websites).
- Any two students handing in assignments with word-for-word responses.

## Tips for success

**Office hours:** Each week we will have office hours Thursday 6:00-7:00 pm MT. You may access the office hours through Zoom within the course.

Please feel free to reach out to me anytime! I will be happy to set-up an appointment with you via email, phone, or Zoom. I want to see you succeed in the course and I welcome the opportunity to clarify any concepts that may be causing you difficulty.

**Email:** You can expect a response to emails within 24-48 hours. Please include your first and last name, course and section. I request that you use standard English in communication; do not use IM or TXT spelling.

**Tutoring: \*\*Subject to change\*\***

Until construction is complete, the Learning Center will be closed and all tutoring will be held in the STEM Center.

In general, the STEM Center will be open Monday-Friday 8am-5pm for general studying.  
For tutoring:
