

# LOBO EXPLORATION ACADEMY 2026

This year, UNM-Valencia (UNM-V) is continuing its goal to have regular summer camp offerings for local area middle and high school students. In an effort to create a college going mindset, we value bringing students to campus for different learning opportunities. This year's camp offerings include two drone camps and a film and media camp. The camps are sponsored by the 2026 PNM Power Grant awarded to UNM-V. Please register at:
