

Los Lunas Career Fair

March 9th at 10am
UNM Valencia
Workforce Training Center

NOW HIRING:

Technicians,
Engineering,
Operations

Pacific Fusion was founded in 2023 with the mission to power the world with abundant, affordable, clean energy.

We are rapidly designing and building a pulser-driven inertial fusion system to achieve net facility gain (more fusion energy output than stored energy input). In parallel, we are developing the key components required to build affordable fusion systems.

Benefits:

- Industry-competitive salary
- Equity plan
- 6% employer 401k matching
- Generous PTO (including sick leave, vacation, paid family leave)
- Medical, Dental, & Vision insurance
